Precautionary Statements

Hazards to Humans and Domestic Animals.

Caution: Harmful if swallowed. Avoid contact of skin, eyes or mouth with the evaporation holes.

Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities.

First Aid

If swallowed

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If on skin or clothing

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If inhaled

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Environmental Hazards: Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Replace cartridge every 21 days* (Note: After 21 days of use, cartridge appears the same; however, it will no longer be effective as the octenol will have been released.)

*Based on release rate studies conducted at a constant ambient air temperature of 80° F for 21 days. Octenol release from this product will be more rapid at higher ambient air temperature.

Storage & Disposal

Do not contaminate water, food or feed by storage and disposal.

Storage: Store unopened attractant cartridge in a cool, dry place. Discard outer plastic bag in trash.

Disposal: Do not reuse attractant cartridge. Dispose of used attractant cartridge in the trash.

Tube Style

Step 1

Locate Mosquito Magnet® Octenol Biting Insect Attractant. Remove mosquito attractant packet from bag. Carefully peel back foil cover.

Step 2

Locate the octenol carrier compartment inside the plume tube. Turn counter-clockwise about 1/8 turn. Remove end cap.

Step 3

Place the open packet of mosquito attractant into the carrier compartment.

Step 4

Replace end cap on carrier compartment. Be sure to align cap's "feet" with groves inside carrier compartment. Secure cap by turning clockwise until it clicks (about 1/8 turn).

Manufactured by: Woodstream Corporation.
